# Library Cooperative Grant Guidelines

## I. PROGRAM PURPOSE

The purpose of the Library Cooperative Grant program is for the sharing of library resources, other resource sharing activities and related training, as identified in the cooperative's long-range plan and annual plan of service.

### Historical Overview

The Florida Library Information Network (FLIN) is the statewide cooperative network for interlibrary loan and resource sharing. FLIN was established in 1968 so that all Florida residents could have access to information and materials held in Florida's libraries.

The Library Cooperative Grant originally evolved to support the development and improvement of the statewide database of Florida's library holdings and to support resource sharing through the statewide interlibrary loan network, FLIN.

Library Cooperative Grant funding has been used for the continual maintenance of the statewide database of library materials hosted by the Online Computer Library Center (OCLC). Maintenance of the database involves bibliographic record enhancement activities, such as the process of adding and deleting bibliographic records of materials that are owned by Florida libraries and training related to that process.

Supporting the continual updating and maintenance of the statewide database has been an ongoing priority of the Division through FY2019. In light of obstacles that have arisen to updating the database, along with technological advances that have changed the climate of resource sharing in Florida, the Division recognizes that there are many activities that could be considered resource sharing and would be allowable under this grant program. As of FY2020, the FLIN requirements are changing to move away from a single database of library materials for the purposes of resource sharing.

## II. PROGRAM PRIORITY

The State of Florida's priority for use of library cooperative grants and local matching funds is for the purpose of sharing library resources between members of the Florida Library Information Network (FLIN). Library Cooperative Grants and local matching funds must be expended on resource sharing activities and related training, providing services to all FLIN member libraries, and other resource sharing activities as identified in the cooperative's long-range plan and annual plan of service. Examples of resource sharing activities include bibliographic record enhancement, statewide delivery service support, union catalog support and development, reciprocal borrowing, cooperative cataloging, cooperative reference services, cooperative collection development, digitization, and implementation of or support for innovation in the use of technologies related to resource sharing.

### III. ELIGIBILITY

An organization shall meet the following requirements in order to be eligible to receive a Library Cooperative Grant:

- A. Library cooperatives shall be a nonprofit organization constituted of more than one type of library, including any combination of academic, school, special, state institutional and public libraries for the purpose of sharing resources per Chapter 257.41, Florida Statutes.
- B. The library cooperative must be qualified or registered pursuant to Chapter 617, Florida Statutes, and be in good standing. Good standing means a nonprofit organization has current certificate of status from the Florida Department of State, Division of Corporations.
- C. The library cooperative must be headed and administered by a librarian who has completed a library education program accredited by the American Library Association and who is employed full-time by the organization's governing body.
- D. The library cooperative must not be in noncompliance status with any previously awarded Department of State grant.
- E. The library cooperative must not owe the Department funds at the time of application in connection with a previous grant received from any division of the Department of State, for which the organization has been notified of the Department's determination that a refund of grant funds is required.

### IV. GEOGRAPHIC SERVICE AREA

Geography, rather than cooperative membership, shall be used as the basis for delivering resource sharing services to FLIN member libraries.

Following is a list of the multitype library cooperatives and their geographic service areas for the purpose of the Library Cooperative Grant Program.

- Northeast Florida Library Information Network service area includes: Alachua, Baker, Bradford, Brevard, Clay, Columbia, Dixie, Duval, Flagler, Gilchrist, Hamilton, Lafayette, Levy, Madison, Marion, Nassau, Putnam, Seminole, St. Johns, Sumter, Suwannee, Taylor, Union and Volusia counties.
- Panhandle Library Access Network service area includes: Bay, Calhoun, Escambia, Franklin, Gadsden, Gulf, Holmes, Jackson, Jefferson, Leon, Liberty, Okaloosa, Santa Rosa, Wakulla, Walton and Washington counties.
- Southeast Florida Library Information Network service area includes: Broward, Martin, Miami-Dade and Palm Beach counties.
- Southwest Florida Library Network service area includes: Charlotte, Collier, Hendry, Lee and Monroe counties.
- Tampa Bay Library Consortium service area includes: Citrus, DeSoto, Glades, Hardee, Hernando, Highlands, Hillsborough, Indian River, Lake, Manatee, Okeechobee, Orange, Osceola, Pasco, Pinellas, Polk, Sarasota and St. Lucie counties.

For purposes of the Library Cooperative Grant Program, the Division shall determine the participants in each geographic service area and may move FLIN member libraries from one geographic area to another, if warranted. Consideration of such changes shall be made based on a review by the Division or upon a formal written request from a FLIN member library or a library cooperative to the Division. Approval of the change may be granted if the following criteria are met:

1. The library cooperative has fiscal and staff resources to provide services.
2. The geographic location provides ease of access to support the FLIN member.
3. A change would enhance resource sharing.

Geographic service areas may be modified by the Division if the need arises.

The geographic service area does not constrain membership in a multitype library cooperative. The multitype library cooperative board makes determinations of membership based on established criteria.

## V. DEFINITIONS

***Annual Plan of Service*** means the document that is adopted or approved by the multitype library cooperative's governing body that identifies the goals, objectives and resource sharing activities that will be supported for the application year.

### **Resource Sharing Needs Assessment.**

#### *Resource Sharing Needs Assessment*

Provide an assessment of the library's resource sharing needs for each FLIN library in the geographic service area. A list of FLIN member libraries is available <https://dos.myflorida.com/library-archives/library-development/digital/resource-sharing/flin/>.

Include support of courier service provided to each library using project funds.

The Resource Sharing Needs column can include need for consultation or facilitation related to resource sharing, technology and other resource sharing needs as applicable.

Add information in the Notes column as needed; e.g., the library has declined to participate this year.

### *Needs to be Addressed*

Using the Resource Sharing Needs Assessment and the multitype library cooperative's Long-Range Plan and Annual Plan of Service, determine which resource sharing needs the multitype library cooperative will address during the grant cycle. Provide a narrative describing these needs, including the rationale for addressing, or not addressing, items listed on the Resource Sharing Needs Assessment.

### *Activities*

Describe in detail the activities to be completed during the grant cycle that will address the needs listed in the Needs to Be Addressed section. If applicable, include information on how the activities will meet those needs.

### *Timeline*

Provide a detailed overall timeline of all the proposed activities. If desired, the timeline can be in the form of a Gantt or other chart. To find out more about a Gantt chart, see <https://www.gantt.com>.

**Budget.** Provide details on the proposed expenditures of grant and local matching funds.

The narrative for each section should explain how the project funds support the activities described in the Activities section of the application.

Matching funds must be at least ten percent (10%) of the total grant in accordance with sSection 257.42, *Florida Statutes*. Match does not have to be a line item or section match; it is an overall total amount of matching funds.

Local matching funds are local funds used for match excluding any federal grant funds.

The Division will utilize the information provided by the applicant in the application when developing the Scope of Work and Deliverables for use in the grant agreements of the approved projects.

**Additional Required Document.** Provide the Annual Plan of Service and Expenditure that has been adopted by the multitype library cooperative's governing body on or before [insert date]. This document is the current annual plan of service that identifies the goals, objectives and resource sharing activities that will be supported for the application year. The document should be submitted on the DOS Grants System at [dosgrants.com](https://dosgrants.com).

## VIII. APPLICATION SUBMISSION

Availability of grant applications will be announced annually by publication in the *Florida Administrative Register* and via email. The application guidelines will be posted on the Division's website at <https://dos.myflorida.com/library-archives/library-development/funding/cooperative/>.

Applications must be submitted on the DOS Grants System at [dosgrants.com](https://dosgrants.com).

The additional required document must be submitted to the Division on or before [insert date]. The document should be submitted on the DOS Grants System at [dosgrants.com](https://dosgrants.com).

## IX. APPLICATION REVIEW

Following the application deadline, the Division will review all grant applications for eligibility and completeness.

Grant applications will be reviewed for:

- Eligibility for a certificate of compliance with Section 257.41, *Florida Statutes*, which establishes the requirements for multitype library cooperatives.
- Completion, with required documentation.

Division staff will review the proposed activities, timeline and budget in the grant application for compliance with the program purpose, program priority and use of project funds. The proposed activities and budget will be provided by the multitype library cooperative in the grant application but may be revised at the request of the Division.

The Division shall notify applicants of any application deficiencies. Applicants will have 30 days after the notification date to complete and correct deficiencies. Failure to correct identified deficiencies within the 30-day period shall automatically make the application ineligible. All corrections shall be submitted on the DOS Grants System at [dosgrants.com](https://dosgrants.com) on or before the last day of the correction period specified by the Division.

Upon completion of the application and the additional document review, the Division shall issue a certificate to each multitype library cooperative that complies with the requirements of Section 257.41, *Florida Statutes*.

## X. GRANT AWARDS AND LOCAL CASH MATCH

Each year, the Division requests funding from the Florida Legislature for the Library Cooperative Grant Program. The total amount available to fund the Library Cooperative Grant Program depends on the amount appropriated by the Legislature. If the Legislature appropriates less than the amount requested by the Division, the amount appropriated will be prorated equally among the approved Grantees, as required by Section 257.21, *Florida Statutes*.

In accordance with sSection 257.42, *Florida Statutes*, the administrative unit of a multitype library cooperative is eligible to receive an annual grant as specified in law and must provide local cash matching funds equal to ten percent (10%) of the grant award.

If a multitype library cooperative does not show sufficient funds from local sources to meet the requirement of a ten percent (10%) cash match in its grant application, the Division will reduce the grant to a level that will enable the multitype library cooperative to meet the ten percent (10%) cash match requirement.

## **XI. GRANT ADMINISTRATION**

### **Notification of Grant Award**

The Notification of Grant Award is the official notice of the amount of the grant award for the applicable fiscal year. On the notification, the project to be funded is listed, along with the award, the Catalog of State Financial Assistance (CSFA) number, the ending date of the grant and any other special project-related comments or instructions.

### **Grant Agreement**

A grant agreement must be signed by both the grant recipient's governing body and the Department of State, Division of Library and Information Services. The Grant Agreement (form DLIS/LCG02), incorporated by reference, will be sent to the multitype library cooperative. Grant applications that are funded and any Change Requests will become a part of the grant agreement between the Division and the Grantee. Submission of a Change Request may necessitate an amendment to the grant agreement. No grant funds will be released before the grant agreement is executed between the Division and the grantee.

### **Grant Payments**

Grant awards will be paid in five payments. Payments will be made upon satisfactory completion of the deliverables specified in the grant agreement.

- Payment one will be 25% of the grant amount. The grantee can request payment upon satisfactory completion of deliverables.
- Payment two will be 25% of the grant amount. The grantee can request payment upon satisfactory completion of deliverables.
- Payment three will be 25% of the grant amount. The grantee can request payment upon satisfactory completion of deliverables.
- Payment four will be 20% of the grant amount. The grantee can request payment upon satisfactory completion of deliverables.
- Payment five will be 5% of the grant amount. The grantee can request payment upon satisfactory completion of deliverables.

Payment requests and supporting documentation must be submitted on the DOS Grants System at [dosgrants.com](https://dosgrants.com).

**Electronic Payments.** A Vendor Direct Deposit form should be completed annually and submitted directly to the Department of Financial Services so your organization can receive grant funds via electronic funds transfer (EFT). If your organization has already submitted a form to DFS in the current calendar year, this form does not need to be

resubmitted. This form is available at <http://myfloridacfo.com/Division/AA/Forms/DFS-A1-26E.pdf>. **Do not submit the form to the Division, it must be submitted directly to the Department of Financial Services, as specified on the form.**

### **Project Period**

The project period shall begin on July 1, [insert year] and end on September 30, [insert year]. The Grantee shall only obligate or expend any grant or local matching funds during the project period. All grant and local matching funds must be paid out by the project ending date of September 30 [insert year]. No costs incurred after the ending date of the project period shall be allowed.

### **Change Request**

Prior to the start of the project or at any time during the grant period, the Division or the multitype library cooperative may request to make changes to the project. Requesting permission to revise the project is done by submitting a Change Request on the DOS Grants System at [dosgrants.com](http://dosgrants.com). Project changes cannot be implemented until approved by the Division.

A Change Request must be submitted for any of the following reasons:

- Request by the Division.
- Changes in proposed expenditures.
- Changes in proposed grant activities.
- Changes in proposed scope of work.
- Changes in equipment to be purchased.
- Changes in key personnel.
- Changes in expected outcomes.
- Changes in the deliverables, performance measures, metrics or standards to be provided.

The Division will approve changes that are consistent with the intent of this Program. Change Requests may necessitate an amendment to the grant agreement.

### **Noncompliance**

Any grant recipient that is not following Florida statutes or rules, the terms of the grant agreement, Florida Department of State (DOS) policies and guidance, local policies or other applicable law, or that has not submitted required reports or satisfied other administrative requirements for other Division of Library and Information Services grants or grants from any other DOS Division will be in noncompliance status and subject to the DOS Grants Compliance Procedure. DOS Divisions include the Division of Arts and Culture, the Division of Elections, the Division of Historical Resources and the Division of Library and Information Services. Grant compliance issues must be resolved before a grant award agreement may be executed and before grant payments for any DOS grant may be released.

## **Record Retention**

Financial records, supporting documents, statistical records and all other records pertinent to the project, including electronic storage media, shall be retained for a period of five (5) fiscal years after the closeout of the grant and release of the audit. If any litigation or audit is initiated or claim made before the expiration of the five-year period, the records shall be retained until five (5) fiscal years after the litigation, audit or claim has been resolved.

## **XII. USE OF FUNDS**

All grant and local matching funds must be spent on resource sharing activities as identified in Section II. - Program Priorities and as described by the multitype library cooperative's long-range plan, annual plan of service, and the proposed activities and budget in the grant application. ## INSTRUCTIONS and DEFINITIONS

Common definitions are important to ensure comparability of data from different libraries and states. For the most part, the definitions in this document are taken from those developed for use in the Federal State Cooperative System for Public Library Data and the Library Cooperative Survey. Report statistics in total without regard to the source of funding.

## Part I. General

**Membership.** Report the number of administrative unit members for each type of institution listed.

Item No.	Definition/Instruction
	<b>Libraries and Areas Served</b>
1	<b>Counties Served.</b> The number of counties with libraries that participated in services or activities provided during the grant cycle.
2	<b>Number of Staff Employed by the MLC (FTE).</b> Report FTEs (full-time equivalents). To ensure comparable data, 40 hours per week has been set as the measure of full-time employees. To compute full-time equivalents of employees in any category, take the number of hours worked per week by all employees in that category and divide it by 40. <i>For example, if you had three regularly scheduled part time employees who worked a total of 60 hours a week, FTE = 60/40 = 1.5 FTE staff.</i>
